Acknowledgement of Receipt of New Student Orientation Packet

The new student orientation documents and registration information (the “packet”), found at http://www.dspt.edu/orientation packet contain important information about the Dominican School of Philosophy and Theology (DSPT), the Graduate Theological Union (GTU), the enrollment process, program requirements, and administrative and academic policies. I understand that I am expected to read the packet items labeled “Must Read,” including the DSPT Student Handbook, and to be familiar with the other packet content. I should consult with the DPST Registrar regarding any questions I may have concerning the packet.

Revisions to the policy statements, procedures, and DSPT Student Handbook may occur and I understand such changes will generally be communicated through official notices and posted at the DSPT website. It is my responsibility to comply with the policies and procedures and any revisions made to them.
